As you know all of our facilities are closed until we get the “OK” from our government officials to open.

I know you have all heard a thousand times about what a “crazy” time this is. Well, what I see is this: neighbors walking that I haven’t seen before, neighbors walking with their children, their dogs, helping their children to learn to ride a bike; and children at the end of the street playing together. It makes me stop and realize “what a wonderful neighborhood I live in!! Thanks to our gardeners who continue to work and keep our property beautiful.
