Board Volunteers needed

5 reasons to volunteer for the Board of Directors

- The health of your investment – your home- is impacted by the decisions the board makes
- Have control of maintenance fees; you get to vote how the money is spent
- Do you have concerns? **Be part of the solution**
- Provide support for your neighbors and other home owners
- Pay it Forward. You feel best when you are involved in your community

Board members are not paid.....not because they are worthless but because they are priceless!

Attend the March 23rd Annual Meeting.
6:00pm check in. Meeting starts at
6:30pm
Board members and officers will be
elected. **Contact me if you are interested.**

Mahalo to Lynn Villafana

Our board president, Lynn, has led the board thru a very rough year with two different property managers. She is stepping aside to get some breathing room and has agreed to continue as a board member. We thank her from the bottom of our hearts for all

the time and energy she has devoted to issues in our community and the positive leadership she has provided.

Property Manager: We are once again looking for a new property manager as Jamieson Kanemoto is on medical leave. We certainly wish him well. The board will be interviewing several candidates. I know there are some owners waiting for responses on various issues. Please be patient. We are trying to get the best person to manage our property.

I will update everyone as we move forward.

Website: A new website is in process. I will send out address with downloadable forms as soon as it is complete.

Reminders:

- ✓ *All construction project for windows, doors or home need board approval*
- ✓ *Trash bins should always be put behind your fence after pickups (Tuesdays and Fridays)*
- ✓ *Do NOT feed feral cats*
- ✓ *Slow down while driving inside the community*

Volunteers don't necessarily have the time...they just have the heart
